Prospectus

Jesus Christ
Our Foundation

Blessed Virgin Mary
Our Inspiration

St. Anthony Mary Claret
Our Patron

Vision

To promote educational excellence, leadership and service, based on universal love in an environment characterized by respect for the individual and concern for the community, so as to effect holistic transformation in each student.

Mission

To form intellectually competent, professionally skilled, spiritually vibrant, morally responsible, socially just and culturally sensitive global citizens through holistic Claretine education to advance a civilization of love and harmony.

Core Values

- Faith in God
- Justice
- Truthfulness & Personal Integrity
- Respectful Relationality
- Service
- Synergic Co-operation
- Intellectual Competence

Objectives

- To provide value-based, meaningful and productive higher education.
- To offer conventional, professional and employment-oriented regular courses, supplemented by innovative add-on courses to equip students for effective and fruitful personal and professional lives.
- To provide on-going training, research, and documentation at the service of knowledge and life enhancement, and community and nation building.
- To create scientific temper, research rigor, holistic vision and leadership skills at the service of building up a better society.
- To impart basic values of peace, love, justice, compassion, community-mindedness, and a life of gratitude in the younger generation.

St. Claret College (SCC) was established in 2005 by the international Missionary Congregation of Claretians who manage two universities and over 150 educational institutions in 66 countries around the world. The Bengaluru campus is managed by Claretian Society for Integral Human Development which was established in 1989 with the aim of providing holistic and quality education. Apart from St. Claret College, the campus shelters four other educational institutions: St. Claret Evening College, St. Claret Pre-University College, St. Claret School, and Anthony Claret (AC) School. Moved by the spiritual inspiration of St. Anthony Mary Claret, its patron, and supported by the robust Christian intellectual tradition, SCC offers integral education to transform students to be enlightened leaders who bring about a civilization of love and harmony. SCC is recognized by UGC, permanently affiliated to Bangalore University, approved by AICTE and is accredited by NAAC with A+ Grade.

Situated on a serene and picturesque campus in the Garden City, Bengaluru, SCC offers a refreshing environment conducive to serious academic pursuits and professional training. The college provides world class, state-of-the-art infrastructure and facilities. SCC is dedicated to the principle that its educational services and faculty should be both supportive and challenging, distinguished by creative and interactive learning experience for each student. In order to make the students employable, various agents from corporate and non-profit organizations are invited to give hands-on experience of the corporate world. In addition to the regular curriculum, special training by professional bodies is provided to equip the students with professional skills such as presentation skills, debating, group discussions, teamwork and leadership skills which enable them to be hired in the corporate world.

SCC is a meeting ground of diversities, with students from many cultures, faiths and nationalities. Cross-cultural sensitivity and respect for diversity is inculcated in the mind of every Claretine. The focus on excellence and value-based education makes learning an exciting experience at SCC. Students who graduate from SCC are placed in high positions of the corporate ladder, making a crucial difference in the society.

UNDERGRADUATE PROGRAMMES

Duration of all Undergraduate Programmes:

Three Years / Six Semesters

Eligibility for all Undergraduate Programmes:

10+2/Pre-University Course/Equivalent

B.Com

Bachelor of Commerce

B.Com (Regular)

The regular degree in Commerce (B.Com) was launched at SCC in 2005 with the inception of the College. This six-semester program provides a strong foundation level understanding of the functioning of business organizations, commercial transactions and of various specialized operations such as accounting, finance, marketing and human resources by offering a comprehensive curriculum. Finance, Accounting, Banking and Insurance are offered in the fifth and the sixth semesters as electives.

B.Com with CA

The B.Com Professional course with **Chartered Accountancy** has been designed in collaboration with **Arivupro Academy** to provide students with the unique opportunity to pursue their CA foundation along with their B.Com course. **Arivupro Academy** is a premier Bengaluru-based institute which is preferred by many CA aspirants due to its consistent and outstanding success rate.

The unique characteristic of this course is that the B.Com curriculum of Bangalore University and the course framework of CA foundation developed by **Arivupro Academy** are simultaneously taught by the experienced faculty of SCC and the trainers of **Arivupro Academy** respectively. Industrial visits are organized each year to enable the students to understand classroom learning in relation to real life business situations. Student seminars, workshops and conferences are also organized as part of the pedagogy. Students are trained in Tally, Excel and Advanced Excel mandatorily, to be equipped with industry requirements. The B.Com Professional course is challenging and yet very rewarding to students with high career aspirations.

B.Com with ACCA

B.Com with Association of Chartered Certified Accountants (ACCA), UK program is an undergraduate course in Commerce integrated with ACCA that provides students with a solid foundation in various accounting and business-related fields. The core papers are taught by experienced professionals from ISDC, and the program methodology emphasizes analytical skills development. Founded in 1904, ACCA has consistently held unique core values: opportunity, diversity, innovation, integrity and accountability. ACCA believes that accountants bring value to economies in all stages of development.

Objectives:

- To enable strategic thinking and strengthen analytical behaviour.
- To give an insight into the various functional areas of business.
- To provide a global view of the macro environment influencing business decisions.
- To impart skills that will be useful in taking decisions and managing business.
- To develop one's personality and make the student a responsible citizen with greater awareness of business, society and ethics in business.
- To impart required computer skills and to keep pace with the adaptation of technology in business.

B.Com with CMA

Miles Education is one of India's fastest growing higher edtech companies whose mission is to up- skill students and professionals to help them to be future-ready and enable their career progression.

CMA is a professional credential in the field of management accounting and financial management. The professional certification is awarded by the Institute of Management Accountants (IMA) and globally accepted. USA CMA consists of 2 Papers CMA namely:

Paper 1 – Financial Reporting, Planning, Performance and Internal Control.

Paper 2 – Financial Statement Analysis, Corporate Finance, Risk Management, Investment Decisions, Professional Ethics.

Objectives:

- To help students have international credibility
- To generate and improve strong knowledge base in Finance & Accounting
- To provide significant career progression opportunities To develop leadership skills and international perspectives among the students.

B.Com with Aviation

St. Claret College has partnered with Eurasian Institute of Management (EIM) to provide the students from across all streams a comprehensive job-oriented programme in Aviation. The duration of the programme is three years/six semester and it is pursued alongside the Bachelor's degree. During the three-year/six semesters programme the students complete six diploma courses across various avenues in aviation. These diplomas are certified by **STEDCOUNCIL** and **ISO 9001:2015**.

Diploma Certifications Offered are:

- Diploma in Airline Management – STED
- Diploma in Airport Management – STED
- Diploma in Hospitality Management – STED
- Diploma in Airport Groundling Operation – STED
- Certification in Personality Development – ISO
- Certification in Communicative English – ISO

EIM has a team of technically efficient and dedicated professionals to offer the best to its candidates. EIM provides rigorous training to its teaching faculty for better learning outcome. EIM provides 100% placement assistance for its candidates.

The Details of the Program:

- The students will have four hours of class spread over two days every week on SCC campus
- The entire course is covered in 384 hours across 3 years/ six semesters.
- Examination - one exam per year.
- The students are required to take up one model exam in the final year.
- The final exam will be valued by the certification board.
- The Aviation programme is completely taught and handled by the faculty of Eurasian Institute of Management.

Add-on Courses offered as part of all B.Com Programmes

- Data Analytics, Introduction Digital Marketing
- Advance Excel, Introduction to Stock Market Trading
- GST

B. Com Travel and Tourism Management

The Bachelor of Commerce in **Travel and Tourism Management (Vocational)** is an undergraduate degree in Commerce with specialization in travel, tourism and hospitality management. Along with all the job opportunities the B.Com (regular) course offers, this programme prepares the students for employment at all levels in the travel and tourism industry – travel agencies, hotels, travel consultants and companies. The course also lays strong emphasis on communication, customer relations and service. The program has both theory and practical subjects as part of the syllabus. Teaching includes lectures and other forms of extension such as presentations, discussions, brainstorming, demonstrations and field visits. The program has a strong Institute- Industry Interface through guest talks, seminars, panel discussions, etc.

For more details refer page 6.

BBA with Data Science (Business Analytics)

BBA with **Data Science** is a blend of interdisciplinary fields like statistics, data management and technology which can be applied to almost every domain or industry to extract knowledge from data in various forms. Over the last decade, there has been an enormous explosion in the data, often called as Big Data, generated and retained by various organizations. Data Scientists make sense out of all this Big Data by analysing it and figure out immediately what can be done with it for the progress of the organization. A Data Scientist knows how to drive the value of a large amount of data that already exists inside an organization by defining goals, by empowering management and officers to make better decisions, by understanding and refining target audiences, by identifying opportunities, by recruiting right talent for the organization and many more. Data Scientist is one of the fastest-growing and highest paid jobs which cannot be affected by recession.

Realizing the growing demand of Data Science and Analytics industry in the present world with manifold increase in career opportunities, St. Claret College, Bengaluru offers a three- year programme (200 hours) along with BBA titled as Post Graduate Diploma in Data Science (PGD Data Science), in association with **HumaLitix Solutions Pvt. Ltd.**, Bengaluru. Skilled and experienced experts from HumaLitix Solutions train the students on Data Science and Analytics.

BBA with Artificial Intelligence & Machine Learning

BBA with **Artificial Intelligence and Machine Learning (AI&ML)** is a new, emerging field which consists of a set of tools and techniques used to extract useful information from data. AI&ML is a fast growing discipline and is full of rigorous practical analysis. The demand for undergraduates in AI and ML has industry required skills and demand in the Global market over the last few years. Artificial Intelligence and Machine Learning is also in line demand with computer science. Machine learning is an established research discipline. However, recent advances have increased the impact on many areas of society, science, medicine, and everyday life. AI with ML is in demand in the robotics applications, space technology, industry 4.0 and many more. AI and ML delivers modern computational systems that demonstrate capabilities of perception, reasoning, learning and action that are typical of human intelligence.

Realizing the growing demand of AI and ML in the present world with manifold increase in career opportunities, St. Claret College, in association with **RUBIXE Pvt. Ltd.**, Bengaluru offers a three-year programme (200 hours) titled as Certification Course in AI and ML along with B.B.A. programme. At the successful completion of the programme, the students will be certified by NASSCOM/IABAC.

Add-on Courses offered as part of all BBA Programmes

- MS Office 365
- Excel 2019
- Project Management
- Tally Prime

BCA

Bachelor of Computer Applications

Bachelor of Computer Applications (BCA)

BCA programme is designed to transform the candidates into competent computer professionals, to take on the challenges of globalization and information technology. Training in both software and hardware concepts equip the students with adequate knowledge and practice in computer skills. Students are enriched with knowledge beyond the curriculum through various value added courses, certificate courses, guest lectures, seminars, presentations and industry visits. The curriculum is designed for the holistic development of the students and nurturing them as proficient programmers and IT professionals. All the BCA students are provided personal laptops in the first year for no additional fee. Year after year, our BCA students have been consistently securing top ranks at the Bangalore University Convocation.

BCA with Data Science (Analytics)

BCA with **Data Science** is a blend of interdisciplinary fields like statistics, data management and technology which can be applied to almost every domain or industry to extract knowledge from data in various forms. Over the last decade, there has been an enormous explosion in the data, often called as Big Data, generated and retained by various organizations. Data Scientists make sense out of all this Big Data by analyzing it and figure out immediately what can be done with it for the progress of the organization. B.A.

Bachelor of Arts

Bachelor of Arts (BA)

The Department of Humanities offers Bachelor of Arts (BA) Degree in the following subject combinations:

1. **Psychology & Optional English**
2. **Psychology & Journalism**
3. **Psychology & Sociology**
4. **Psychology & Economics**
5. **Optional English & Journalism**
6. **Optional English & Political Science**
7. **Economics & Political Science**
8. **Economics & Journalism**
9. **Journalism & Political Science**
10. **Sociology & Political Science**
11. **Sociology & Journalism**

Established with the inception of the college in 2005, the Department of Humanities subsumes a broad range of socially relevant disciplines – Psychology, English, Sociology, Journalism, Economics and Political Science – addressing the demands and issues of the times.

Studying English Literature develops in the student a thorough knowledge of literary history, theory, and criticism, and enhances one's understanding of a wide range of cultures and intellectual traditions. It also helps the student to develop transferable skills that are highly sought by a wide range of employers.

The study of Economics allows students to critically think about the Indian and global economies and train in various managerial skills and make studied decisions. Learning Sociology is intended to make the students aware of the various social issues and the effective ways to counter them. The study of Political Science helps the students to understand the political environment critically and become change makers of the country. Studying Psychology helps the students to understand various psychological issues faced by individuals and society and the ways to counter them. The Journalism program teaches the students to discover and understand what is happening in the society and enhances their creativity, writing, communication and research skills.

St. Claret Evening College

Affiliated to Bangalore University | Served by Claretian Missionaries

Bachelor of Commerce (B.Com)

Many college students want to work because of their personal choice or financial status and some plan to pursue two courses like Chartered Accountancy and Bachelor of Commerce alongside each other. To help these students achieve their personal and educational goals, St. Claret Educational Society launched its Evening College in the year 2019 with the B.Com programme. The timing (5.30 pm – 8.45 pm) is convenient even for a fulltime working professional.

The B. Com course of the Evening College is affiliated to Bangalore University. Stretched across a period of three years spanning six semesters, the students are taught the same syllabus as that of the Day College. The degree, the method of teaching and learning and the patterns of exams remain the same. The students of the Evening College are provided with all the amenities and facilities of the college and are given the same attention as any student of the Day College.

The students at the Evening College are also encouraged to participate in the co-curricular and extra-curricular activities and events of the college at their convenience. This is to ensure that they do not miss out on their college life experience. In addition to this, the fee for the Evening College is also kept considerably low to make higher education accessible to all sections of the society.

Admission Procedure for Undergraduate Programmes

The process of admission comprises interview and aptitude test (for some courses). Cut-off marks in the qualifying examination fixed annually is a key factor for eligibility for admission.

The procedure to be followed are:

- Duly filled application form is to be submitted along with the attested copy of the PU/+2 results.

Even if an offer of admission is given to such candidates, it will be only provisional, and will be automatically cancelled if the candidate fails in the qualifying examination or fails to obtain 50% marks in the aggregate. Selection will be based on the qualifying exam, and interview.

MSW

Master of Social Work

Master of Social Work (MSW) course is offered at St. Claret College as a two-year full-time Postgraduate Master's Degree, with the vision of providing excellent education for the realization of vibrant social services and responsibilities in students. Students are nurtured to practice with specialized skills at precise intervention levels, and are comprehensively instructed in various disciplines of social sciences and social welfare policies.

The ultimate goal of the MSW program is to prepare students for professional practice with vulnerable children, youth, families, social welfare organizations, trade unions, rehabilitation centers, prisons, community development projects, etc.

St. Claret College, inspired by social commitment, is one of the premier institutions in Bengaluru to offer an MSW degree to accomplish the vision of future social workers.

Objectives

- To provide opportunity and professional training to those desirous of taking up a career as qualified Social Workers.
- To impart theoretical knowledge and to provide practical learning opportunities.
- To sensitize students to involve themselves in the cause of poor, subaltern, underprivileged and disadvantaged sections of the society.
- To promote among professional social workers a sense of devotion and dedication to strive for equity, social justice, social harmony and peace.

Specialisations

- Human Resource Management
- Medical and Psychiatric Social Work
- Urban and Rural Community Development

Add-on Courses offered as part of MSW

1. Leadership Course on Creating "Safe, Inclusive, and Diverse Campuses."

Eligibility Criteria for MSW Admissions

A candidate who has passed any Bachelor's Degree with 50% in aggregate of all subjects (45% for SC/ST and category I candidates), of Bangalore University or any other university from India, considered as equivalent thereto are eligible for admission to MSW programme.

M.Sc. in Psychology

Masters in Psychology is a full-time, two-year program offering students in-depth theoretical understanding of human behavior, life-span development, personality along with exposure to experiments. The curriculum expands on the scientific background of the subject and research that governs the development of Psychology as a field of study.

The two-year study program at SCC is aimed at developing skilled, ethical and empathetic mental health professionals. After the completion of the course, the students can deliver their services in hospitals, schools, colleges and corporate companies. Alternatively, with a Masters degree in Psychology, the students can also enter the field of education and research, whereby, they can pursue PhD.

SCC, with its core value of instilling values and strong ethical standards in its students, provides an excellent platform for students looking at pursuing Psychology as their field of study and career.

Specializations:

Clinical Psychology

Industrial and Organizational Psychology

Add-on Courses offered as part of M.Sc. in Psychology

1. Health Psychology
2. Sports Psychology
3. Forensic Psychology
4. Introduction to Play Therapy

Eligibility criteria for M.Sc Psychology Admission

Candidates should have completed their graduation and should have 40% marks in the aggregate of all the optional subjects. Psychology is required to be one of the subjects and the candidates are required to have 50% of marks in Psychology at the Bachelor Degree level.

MBA Master of Business Administration

The MBA programme at St. Claret College develops future leaders and managers who will use their knowledge and skill for the betterment of the world. SCC offers AICTE approved MBA program and closely works with the industry to provide the best curriculum for the students ensuring not only strong conceptual understanding but also their holistic development into individuals who are guided by values and professionalism. The Bangalore University MBA curriculum is supplemented with multiple certifications in emerging areas like Python Programming, Digital Marketing and Data Science from globally recognized organizations. These certifications ensure that our students are always equipped with the latest skills and are ready to take up challenges in their professional life. Real-world case studies and robust industry interaction through workshops, internships and guest lectures enable our students to think analytically and prepare them in areas of crisis management. By enabling our students to do so, we also strive to be counted among the Best MBA Colleges in Bangalore.

SCC integrates academic research as a fundamental activity in its MBA curriculum. We train our students to develop research articles and papers and take part in seminars and conferences that deliberate on emerging issues in business and society. The robust training and mentorship culture in the institute prepares students for their interviews and a successful and meaningful career. To ensure that our students experience a holistic growth and are equipped with managerial skills, students are given the responsibility of organizing fests and competitions.

Training and Placement Centre (TPC)

SCC's Training and Placement Centre (TPC) assists the students to explore employment opportunities and new career avenues. A team of officers supervise the training and placement programs on the campus. TPC also helps students in career planning through counseling and career guidance. The TPC helps in the professional development of the students by training them towards employability skills such as resume-writing, group discussion and interview skills which in turn helps the students to move into their career of choice. A good portion of the placement training is carried out by experts from industries and corporate world.
